

HONORS ASSIGNMENT #1

Please visit the google spreadsheet at <http://tinyurl.com/zydre4u> and input your groups results from the greenhouse lab if you have not already.

You must then create a graph of all of the data that has been uploaded so far using Microsoft excel.

Your graph must be labeled, titled and to scale. Furthermore, you must write two observations and two inferences about the data from the whole class.

Please upload a pdf of your graph on the honors assignment #1 submission form.

If you need assistance creating this graph please visit office hours on 9/14/2016 at 8:00 am. We will go over it together.

-Ms Wynn.
